Geopolitical Challenges - Managing the Shifts

In the face of rapid global change we invite you to join us in a critical discussion on leading economic transformation. We will explore the pressing questions of our time

- How is the **geopolitical axis** shifting, and what are the implications?
- What are the key challenges in the **world trade** landscape, and how can they be addressed effectively?
- How can we ensure **security** and what strategies can be adopted to mitigate **cyber threats**?

The Global Female Leaders Summit 2024 is a valuable source of knowledge, insight and networking opportunities.

The New Nature of Money

Join us, as we explore the new nature of money and its implications for the future of payments, banking, investing, and insurance

- How is monetary policy affecting **inflation**, cost-of-living and **growth**?
- How is **blockchain** changing business?
- How can we address the growing unbanked population and foster **financial inclusion**?
- How can we leverage **impact investing** and climate insurance to close the global **protection gap** and advance social and environmental goals?

Leadership with Trust

Join the conversation with leaders and progressive thinkers on the most pressing issues facing business leaders today

- How to lead with trust in times of change and transformation?
- How can you manage a **reduced workforce**?
- How to reshape the future through DEI?
- How to balance empathy, efficiency and trust when **working with AI**?
- How can you **leverage information and data** to drive **sustainable business transformation**?
- What strategies can be implemented to unveil opportunities in change and anchor fairness in decision-making?

Our goal is to strengthen the representation of top-level female executives worldwide and to bring together high-performing leaders who want to generate meaningful change in business.

Health is the New Wealth

How does well-being matter for individuals, companies and society

- How to live longer and healthier with health and technology advances and lifestyle choices?
- Will **medical breakthroughs** transform society?
- Can technology serve to **manage health** and make informed decisions?
- How do we promote a culture of well-being and **mental health** at work?
- How do we face the **demographic challenges** in companies?

Expect a stellar group of speakers and experts providing opportunities to discuss global matters and future visions.

AI and Resilience

AI and Resilience are two of the most important topics of our time. AI is transforming the way we live and work, while resilience is the key to **overcoming challenges** and achieving success in a rapidly changing world

- How can AI help us predict and prepare for future challenges?
- What does resilience mean in the context of AI, and how can we promote it?
- How can we ensure that AI is used ethically and responsibly to build trust in the technology?
- What is the impact of the EU AI Act, the first regulation of Artificial Intelligence?

Global Future Female Leaders Academy

powered by
IMD

The **Future Female Leaders Academy** will take place on June 3rd, 2024, as part of the Global Female Leaders Summit. The participants will also be invited to our **networking dinner** on the same day, and to **join the summit** attendees on the following day.

Do you want to sponsor a potential Female Leader?

We invite you as leader and role model to nominate one or more prospective leaders to attend. The ideal candidates are women, who are eager to learn and grow, and who are committed to **making a positive impact** in their organizations and society.

For Potential Female Leaders

Future female leaders will join **Susan Goldsworthy** in this interactive and engaging one day **Global Future Female Leaders Academy** powered by IMD.

The participants will learn how to embrace the tempered radical within, and how to 'play to thrive' with curiosity, courage, compassion, and creativity in the face of complex and uncertain challenges. We offer this opportunity to unleash their potential and join a network of inspiring **upcoming female leaders**.
